

Sofia Almeida

Backend Engineer (Java)

sofia.almeida.dev@email.com | +351 912 345 678 | Lisbon, Portugal

SUMMARY

Mid-level Backend Engineer with 5 years of experience in designing, developing, and maintaining scalable Java-based applications. Proven ability to contribute to all phases of the software development lifecycle, from conception to deployment. Seeking to leverage expertise in microservices and cloud technologies to drive innovation.

EXPERIENCE

Software Engineer - TechSolutions Portugal

Jan 2021 - Present

Developed and maintained microservices using Java and Spring Boot, focusing on RESTful API design and implementation. Collaborated with cross-functional teams to define, design, and ship new features. Implemented unit and integration tests to ensure code quality and reliability. Participated in code reviews and mentored junior developers.

Junior Backend Developer - Innovatech Labs

Jun 2019 - Dec 2020

Assisted in the development of backend systems using Java and related technologies. Contributed to database design and optimization. Wrote and maintained technical documentation. Gained experience with Agile methodologies and CI/CD pipelines.

Intern Software Developer - Global Software Services

Jan 2019 - May 2019

Supported the backend development team with bug fixing and feature implementation. Learned foundational concepts of Java development and version control systems. Assisted with testing and deployment processes.

SKILLS

Java - Spring Boot - Spring Framework - Microservices - RESTful APIs - SQL - PostgreSQL - Docker - Git - Maven - JUnit - Agile Methodologies

EDUCATION

Master of Science in Computer Engineering - Instituto Superior Técnico (2017 - 2019)

Bachelor of Science in Computer Science - Universidade Nova de Lisboa (2014 - 2017)

LANGUAGES

Portuguese (Native) - English (Fluent) - Spanish (Intermediate)
