

Iñigo Zabaleta-Mendizabal

Senior Machine Learning Engineer

izabaleta.m@techmail.es | +34 612 345 678 | Madrid, Spain

SUMMARY

Accomplished Machine Learning Engineer with over 8 years of experience in designing and deploying scalable predictive models. Proven track record in optimizing deep learning architectures for production environments and leading cross-functional teams to deliver data-driven business solutions.

EXPERIENCE

Senior Machine Learning Engineer - Iberia Data Solutions

2020 - Present

Lead the development of computer vision pipelines for automated logistics, improving processing speed by 40 percent. Mentor junior engineers and oversee the deployment of models using Kubernetes and cloud-native infrastructure.

Machine Learning Engineer - Madrid FinTech Labs

2017 - 2020

Developed and maintained fraud detection algorithms using ensemble learning techniques. Collaborated with data scientists to transition research prototypes into high-availability microservices.

Data Scientist - EuroAnalytics Group

2015 - 2017

Built predictive models for customer churn analysis and optimized marketing spend through advanced statistical modeling and A/B testing frameworks.

SKILLS

Python - TensorFlow - PyTorch - Scikit-learn - Docker - Kubernetes - AWS SageMaker - SQL - Apache Spark - MLOps - Git

EDUCATION

MSc in Artificial Intelligence - Universidad Politecnica de Madrid (2013 - 2015)

BSc in Computer Science - Universidad de Navarra (2009 - 2013)

LANGUAGES

Spanish (Native) - English (Professional Working Proficiency) - Basque (Native)
