

Thalassa Vonderheide

Senior Fullstack Developer

t.vonderheide@berlin-tech-mail.de | +49-151-9283-7465 | Berlin, Germany

SUMMARY

Accomplished Senior Fullstack Developer with over 9 years of experience in architecting scalable web applications and leading cross-functional engineering teams. Expert in modern JavaScript ecosystems and cloud-native infrastructure, with a proven track record of optimizing system performance and reducing technical debt.

EXPERIENCE

Senior Fullstack Engineer - SpreeCloud Solutions

2020 - Present

Lead the development of a high-traffic e-commerce platform using React and Node.js, resulting in a 30% improvement in page load speeds. Mentor junior developers and oversee architectural decisions for microservices migration.

Fullstack Developer - Berlin Fintech Dynamics

2017 - 2020

Developed secure financial transaction modules using TypeScript and PostgreSQL. Collaborated with product managers to implement agile workflows that increased sprint velocity by 20%.

Software Engineer - Nordic Web Systems

2014 - 2017

Built and maintained responsive front-end interfaces and RESTful APIs for enterprise clients. Assisted in the transition from monolithic architecture to containerized services using Docker.

SKILLS
