

Zoltan Varga-Mendes

Flutter Mobile Developer

z.varga.mendes@techmail.pt | +351 912 345 678 | Lisbon, Portugal

SUMMARY

Dedicated Mid-level Flutter Developer with over 4 years of experience building high-performance cross-platform mobile applications. Proven track record in optimizing UI rendering and integrating complex RESTful APIs to deliver seamless user experiences.

EXPERIENCE

Flutter Developer - Lusitania Digital Solutions

2021 - Present

Lead the development of a fintech mobile application using Flutter, focusing on state management with BLoC and improving app startup time by 30 percent.

Junior Mobile Engineer - Tagus Tech Labs

2019 - 2021

Collaborated in a team of five to migrate a legacy native Android app to a unified Flutter codebase, resulting in significant maintenance cost reductions.

Software Intern - Lisbon Innovation Hub

2018 - 2019

Assisted in the UI design and implementation of internal productivity tools using Dart and Flutter, gaining foundational knowledge in mobile architecture.

SKILLS

Dart - Flutter - BLoC Pattern - Firebase - RESTful APIs - Git - Provider - SQLite - CI/CD Pipelines - Unit Testing - Figma

EDUCATION

BSc in Computer Science - University of Lisbon (2015 - 2018)
