

Thalassa Vane-Tempest

Senior Product Manager

t.vanetempest@techmail.co.uk | +44 7700 900452 | London, UK

SUMMARY

Strategic Senior Product Manager with over 9 years of experience driving product vision and cross-functional execution in fintech and SaaS environments. Proven track record of scaling complex digital platforms and leading high-performing teams to deliver user-centric solutions that drive significant revenue growth.

EXPERIENCE

Senior Product Manager - Nebula Financial Systems

2020 - Present

Lead the core payment gateway product line, overseeing a roadmap that increased transaction throughput by 40% and reduced latency by 200ms. Manage a cross-functional team of 12 engineers, designers, and data analysts.

Product Manager - Vertex Cloud Solutions

2017 - 2020

Spearheaded the migration of legacy enterprise tools to a cloud-native architecture, resulting in a 30% improvement in customer retention. Collaborated with stakeholders to define product requirements and prioritize the backlog.

Associate Product Manager - Blue Horizon Analytics

2015 - 2017

Supported the launch of a B2B data visualization dashboard, conducting extensive user research and A/B testing to optimize the onboarding flow and feature adoption rates.
