

Biel Xifre-Vidal

Senior Platform Engineer

biel.xifre.vidal@techmail.cat | +34 600 123 456 | Barcelona, Spain

SUMMARY

Highly experienced Platform Engineer with over 8 years of expertise in designing scalable cloud-native architectures and automating CI/CD pipelines. Proven track record in optimizing Kubernetes clusters and implementing robust infrastructure-as-code practices to enhance developer productivity.

EXPERIENCE

Senior Platform Engineer - NebulaStream Systems

2020 - Present

Lead the migration of legacy monolithic services to a microservices architecture on AWS using Kubernetes. Implemented GitOps workflows with ArgoCD and reduced deployment times by 40 percent.

Cloud Infrastructure Engineer - IberiaData Solutions

2017 - 2020

Managed multi-region cloud infrastructure and developed internal tooling using Go to automate resource provisioning. Improved system reliability by implementing comprehensive observability stacks.

DevOps Engineer - Catalan Tech Ventures

2015 - 2017

Maintained CI/CD pipelines and managed containerized environments for high-traffic web applications. Collaborated with development teams to streamline local development environments.

SKILLS

Go - Kubernetes - Terraform - AWS - Docker - Prometheus - Grafana - Python - Helm - ArgoCD - Linux Administration - Bash Scripting

EDUCATION

Master of Science in Computer Engineering - Universitat Politècnica de Catalunya (UPC) (2013 - 2015)

Bachelor of Science in Informatics Engineering - Universitat de Barcelona (2009 - 2013)

LANGUAGES

Catalan (Native) - Spanish (Native) - English (Professional Working Proficiency)
